Dear Mrs Reddall

RE: PROPOSED WORKS TO ONE ASH TREE AT 2 AUTUMN CLOSE, READING - PART OF G2 OF TREE PRESERVATION ORDER NUMBER 31/02.

Thank you for your application of 24 April 2016, regarding the above.

Further to my visit on 6 May 2016, I can confirm that the following proposed works, as detailed in your application, are approved subject to the conditions below:

- Ash tree on rear boundary (part of G1) - fell due to the presence of *Inonotus hispidus* (Shaggy poplypore).

I attach photographs taken during my site visit for reference.

I note the intended removal of dead wood from other trees in the garden.

A replacement condition has not been attached in this instance due to the number of remaining trees in the rear garden.

Conditions

1. Five days notice in writing shall be given to the Council prior to undertaking the approved works.

Reason: To ensure that the Local Planning Authority is given sufficient notice of the works to enable the effective monitoring of tree work within the Borough.

2. All tree surgery shall be in accordance with BS 3998: (2010) Tree Work - Recommendations.

Reason: To ensure that all works are carried out in an acceptable arboricultural manner

3. This decision is valid for two years from the date of this notice after which the consent lapses

Informatives

1. Removal of dead or dangerous wood: This does not require the formal consent of the Council. However written notice must be given 5 working days in advance of removing dead wood. Where a branch is deemed to be 'dangerous', i.e. where works are 'urgently necessary to remove an immediate risk of serious harm', you are required to give notice to the Council 'as soon as practicable after the works become necessary'.
2. Disturbance of wildlife: It is an offence under the Wildlife and Countryside Act 1981 (as amended) to disturb roosting bats or nesting birds. It is advisable to consult your tree surgeon/consultant to agree an acceptable time for carrying out any work. Wildlife and habitat controls are administered by Natural England who can be contacted on 0300 030 6000
3. Tree work consents on land not owned by the applicant: It is strongly recommended that the owner of the tree be advised of any proposed works. The owner's permission must be sought if the tree works involve work past the boundary line. This consent does not in any way imply that this Council has informed the owner of sought permission or will condone the use of consents to force any landowner to grant such permission.
4. Removal of any dead or dangerous protected tree: This does not require the formal consent of the Council. However you are required to give 5 days notice of the work where it is not an emergency, to allow the Council to agree that the proposed works are exempt from requiring consent. The exception is where works are 'urgently necessary to remove an immediate risk of serious harm', in which case you are required to give notice to the Council 'as soon as practicable after the works become necessary'. Once felling of a dead or dangerous tree has been carried out, the owner has a duty under Section 201(b) of the Town & Country Planning Act to replant another tree of an appropriate size and species in the same place as soon as they reasonable can. This replacement tree will be covered by the existing Tree Preservation Order. The new tree would be subject to the same requirements for a tree works application if you intend to carry out works upon it in the future.

If you wish to appeal against any of the conditions attached to this consent, please contact the Planning Inspectorate within 28 days of receipt of this letter to obtain the relevant forms:

The Environment Appeals Team, The Planning Inspectorate, Room 3/25, Hawk Wing,
Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN
