NOTES

APPEALS

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/26 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

(2) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the Common Council, or on the Council of the district in which the land is situated, as the case may be, a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

BERKSHIRE ACT 1986 – Section 32

(b) that the building or, as the case may be, the extension of the building will not render inadequate existing means of access for the fire brigade to a neighbouring building.

HAZARDOUS WASTE AND MATERIALS

Your attention is drawn to the possibility that development of land or redevelopment of properties will give rise to hazardous material probably in the form of contaminated soil or building construction waste (e.g. asbestos lagging around pipework) needing disposal.

Under the requirements of the Control of Pollution Act 1974 and regulations made thereunder it is an offence if such material is not deposited in appropriate sites licensed by the County Council acting in their capacity as Waste Disposal Authorities and additional procedures may have to be followed.

Details of the sites in Berkshire and advice on suitability of wastes involved and procedures necessary can be obtained from:

Waste Management Branch , County Surveyor's Department,
Berkshire County Council, Shire Hall, Shinfield Park, Reading RG2 9XG. Tel: Reading 875444

There may also be occasions when hazardous substances such as gas from former landfil sites could be a problem. The County Surveyor's Waste Management Group have agreed to list and map all such sites and copies will be available from the above address.

BUILDING REGULATIONS

This planning permission does not give approval under the Building Regulations. Before any works are commenced you should check with the Building Control Section of the Planning Department whether any approval is required under the Building Regulations.

Reading BOROUGH COUNCIL

Application At: 24 Zinzan Street Reading RG1 7UQ

Application No: 02/01524/FUL

REASONS FOR REFUSAL

1. The submitted plans do not accurately represent the existing development on the site and it is not, therefore, possible to accurately assess the impact of the proposed development on either the property itself or those adjoining the site

2. On the basis of the inaccurate information submitted to the Local Planning Authority it is not possible for the Local Planning Authority to make an informed judgement as to whether the proposed two-storey extension and external staircase will have a detrimental impact on existing neighbouring residential amenity.

3. The submitted application fails to make suitable provision for adequate bin and cycle storage and, therefore, fails the tests set by adopted RBLP policies HSG6 (House Conversions), TRN5 (Cycle Parking) and the Council's adopted Supplementary Planning Guidance relating to conversions.

INFORMATIVES

1 Whilst the application property exceeds the threshold at which a conversion is, in principle, acceptable the detail falls short of adopted policy relating to house conversions. Should the applicant chose to resubmit an accurate scheme early discussions with a Planning Officer, prior to resubmission, are strongly advised.

2 The applicant is advised that the proposed layout would fail building regulations. Should the applicant chose to resubmit an accurate scheme early discussions with a Building Control Officer, prior to re-submission, are strongly advised.
