Text Details

Typeface

Montserrat is our corporate typeface. Its clean, round, open letterforms and punctuation complement the circular shapes in our visual identity system.

Montserrat is used for all print and digital communications. The full family of fonts provide variation and flexibility within our system.

Use black, white or PMS 293 for all headlines and subheads. Body copy should always be in black or white only.

Default Font

Arial is our default font and should be used only if Montserrat is unavailable or unable to be downloaded and installed.

Substitute Montserrat Light, Regular and Medium with Arial Regular. Substitute Montserrat Semibold, Bold and Black with Arial Bold.
