Dear Miss Smith

RE: PROPOSED WORKS TO TREES ADJACENT TO NIMROD INDUSTRIAL ESTATE, NIMROD WAY, READING - SUBJECT TO TREE PRESERVATION ORDER NUMBER 200/06.

Thank you for your application of 13 February 2024, regarding the above.

Further to my visit on 9 April 2024, I can confirm that the following proposed works, as detailed in your application, are approved subject to the conditions below:

- Crown lift trees overhanging the car park to 3m above ground level (of the car park).

The above work will only involve very minor pruning and is appropriate management for the location, hence is agreeable.

The intention to remove dead wood and remove encroaching Ivy is noted.

Conditions

1. Five days' notice in writing shall be given to the Council prior to undertaking the approved works.

Reason: To ensure that the Local Planning Authority is given sufficient notice of the works to enable the effective monitoring of tree work within the Borough.

2. All tree surgery shall be in accordance with BS 3998: (2010) Tree Work - Recommendations.

Reason: To ensure that all works are carried out in an acceptable arboricultural manner

3. Climbing spikes shall not be used whilst undertaking any form of works on living trees, except on trees to be felled.

Reason: Spikes can cause extensive long-term damage

Informatives

1. You are advised that, in accordance with Part 4, 17 (4) of The Town and Country Planning (Tree Preservation)(England) Regulations 2012, this decision is valid for one pruning operation (as per the approved specifications) to be undertaken within two years from the date of this notice, after which the consent lapses and a new application will be required.

2. Removal of dead or dangerous wood: This does not require the formal consent of the Council. However written notice is encouraged, 5 working days in advance of removing dead wood in order that we are aware of such works. Where a branch is deemed to be 'dangerous', i.e. where works are 'urgently necessary to remove an immediate risk of serious harm', you are required to give notice to the Council 'as soon as practicable after the works become necessary' or in any other case, at least five working days prior to the date on which the works are to be commenced.

3. Disturbance of wildlife: It is an offence under the Wildlife and Countryside Act 1981 (as amended) to disturb roosting bats or nesting birds. It is advisable to consult your tree surgeon/consultant to agree an acceptable time for carrying out any work. Wildlife and habitat controls are administered by Natural England who can be contacted on 0300 030 6000

4. Tree work consents on land not owned by the applicant: It is strongly recommended that the owner of the tree be advised of any proposed works. The owner's permission must be sought if the tree works involve work past the boundary line. This consent does not in any way imply that this Council has informed the owner of sought permission or will condone the use of consents to force any landowner to grant such permission.

If you wish to appeal against any of the conditions attached to this consent, please contact the Planning Inspectorate within 28 days of receipt of this letter to obtain the relevant forms:
