Application Number: 240475

Name: Jason Atkins

Address: 111 Oxford Road, Reading, Berks, RG1 7UH Comment Type: Observation

Comment: I fully support this application and hope it proceeds without further delay. The frontage has been outdated and vacant for a while, which has led to litter and vagrants, giving it an unkempt appearance.

Additionally, the rear of the property has become a gathering spot for vagrants and drug users, leading to theft and filth. Establishing a nice shop here will significantly improve the upkeep and appearance of the area.
