1ST FLOOR BED SIT	4500	4500	20-25
BED SIT S/C WITH SEPR. RATE SHOWER W/C	4000	3600	14-40

Part 6.1.0: Property plans

You must attach a sketch plan, with measurements, showing the location and size of each room in the property. You must provide a separate sketch of each floor level of the property. If you already have plans of the property, you may submit these separately. We can provide plans for you, however you will be charged for these at the fully assisted rate. A sample plan is provided in the Guide to HMO Standards and Licensing.
