Our Reviews

Type 1 Stone Slip Window Sill 70-48mm x 160mm

Our Type 1 window sills measurements allow easy incorporation with standard brick sizes and are available in varying length.

We do welcome enquiries for length ranges not shown in the listings. Please call or email with your precise requirements.

Dimensions

These Sills are bespoke and will be made to your Exact required length.

PLEASE SELECT LENGTH RANGE AND ENTER YOUR EXACT OVERALL REQUIRED SIZE (per Sill). Where sills are made in 2 sections, each section will be of equal size, allowing for a 10mm joint when installed.

Production

Our stone slip window sills are made from dry cast stone – frost/weather proof, textured finish in either a Bath Stone colour or Dry Cast Cream.

DO NOT fit window sills on your own. Ensure that the window sill is well fixed into position.

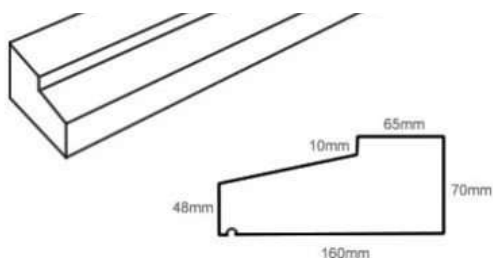

Delivery Details and Lead Times

Our Window Sills are made to order, estimated delivery dates will be confirmed once scheduled into production.
