BEADED DEEP FLOW GUTTERS

Our Aluminium Beaded Deep Flow Gutters, also known as aluminium deep run gutters, are inspired by 19th Century cast iron guttering. Manufactured to BS9191:2017, they offer the beautiful traditional look of cast iron guttering with all the benefits of aluminium guttering, such as being lightweight, robust and long lasting.

PRICE LIST

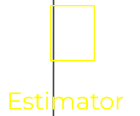

Sizes

Profile Sizes

Our deep flow aluminium gutters come in two standard lengths of 3m and 1.8m / 6' and three different profile widths:

- 100mm / 4"
- 125mm / 5"
- 150mm / 6"

We can manufacture almost any size beaded deep flow gutter.

Fittings

Fittings

A comprehensive range of gutter fixings is available to complement our beaded deep flow guttering. We supply stop ends, running outlets, gutter angles, non-standard and irregular angles, raked angles, apex angles, and high capacity internal angles.

We can also manufacture special gutter fittings to your project requirements, please ask.

Radius Gutters or Curved Gutters

If your project requires a more complex curved, radius or radii beaded deepflow gutter – perhaps on a bay window or orangery – we can manufacture a true or faceted curve to your specification, normally in one-metre lengths.

Brackets

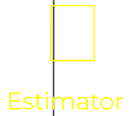

Gutter Brackets

We can manufacture and supply all the required gutter brackets to install deep flow guttering including fascia brackets, side or top

fix rafter brackets, and mortar brackets / rise and fall brackets.

If your project requires special gutter brackets we can manufacture these to your specification, please ask.

Note: Fascia brackets to be installed at max. 750mm centres.

Colours and Finishes

Coatings and Finishes

All our aluminium beaded deep flow gutters are available polyester powder coated in a wide array of colours and finishes including the full range of RAL colours, BS colours, Heritage textured finishes, metallic finishes, and anodised coating.

We can also source special colours and finishes to match your project requirements or we can supply our aluminium gutters in the standard mill finish.

Benefits

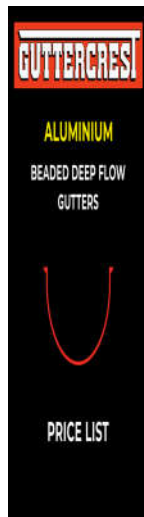

Benefits of Aluminium Beaded Deep Flow Guttering

Our aluminium deep flow gutters offer many benefits as they are easy to install, low maintenance, and lightweight yet very robust. Our gutter jointing system is proven over 25 years.

Easy, fast installation: Our deep flow aluminium gutters have an integral butt strap, angle and running outlets and are double spigotted meaning less joints and less waste, resulting in a faster installation time.

Over 90% of the aluminium we use is recycled meaning we offer a sustainable rainwater system for your building project.
