

- PROPOSED PROPERTY NOTES:
- The garage doors are proposed to be bricked in, with two new windows to the front facade. Brickwork and windows are to match those of the existing house in colour and materiality.
 - Internally, a new bath and sink area have been allowed for, and the internal wall dividing the rooms removed to make one larger room.
 - The driveway has been raised to ensure level access from internal to external. This will be feathered back to the neighbours boundary to meet existing site levels ie no impact on neighbouring site levels.
