Street view.

Planning office have advised the garage door should remain as the facade.

Windows and a built wall would not be accepted.

A rooflight was suggested by planning as a possible solution for providing daylight to what will become a 'DDA' compliant wetroom for a wheelchair user.

Ventilation will be provided by an electrically powered extractor fan however a nonmechanical ventilation is proposed by way of a side window.

Window will be bottom hinged and will open inwards. Privacy will be maintained with obscure/frosted glazing.

Address: 5 Conwy Close
