

OBJECTION TO APPLICATION # PL/24/0998 – # 5 Stoneham Close, Tilehurst, RG30 4HB

Dear Planning Officer,

I wish to formally object to the planning application for Stoneham Close. The reasons for my objection are as follows:

1. **Misleading Information in the Application:** The plans presented inaccurately portray the amount of available space, particularly concerning parking and the steepness of the road. The reality is far different.
2. **Destruction of Green Spaces:** The proposed development will harm the environment by removing natural habitats and destroying the greenery that contributes to the area's peaceful atmosphere.
3. **Increased Traffic Risks:** The addition of multiple vehicles entering and exiting on a blind corner, especially so close to a major school, poses a serious hazard.
4. **Inadequate Parking Arrangements:** The current plan allows for only one parking space per house, leaving no room for guests. This will lead to overcrowded parking on the street and block residents' access.
5. **Privacy Concerns:** The new houses will overlook several existing properties, creating privacy issues for their residents.
6. **Waste Disposal Problems:** The lack of space for waste bins on the property will force them onto the pavement, blocking pedestrian access.
7. **Proximity to Electrical Substation:** The planned homes will be built too close to an electrical substation, creating potential health and safety risks for residents.

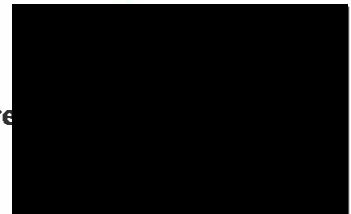

I strongly urge you to consider these concerns and reject the planning application.

Thanking you,

Name:

Hilda Koslacz
