Dear Mr Ennis,
It was so very kind of you to visit with a representative number of Maldon Close residents this afternoon. It was much appreciated, and we left feeling much more hopeful of being 'heard' than when we arrived!
Attached please find one copy of my personal objections and one as Deputy of the Maldon Close Neighbourhood Watch Group. [REDACTED],
[REDACTED].

We are grateful for your time and effort in the initial marshalling of objections into categories, and are confident, that after reading them (approx 18 known to date) you will be able to create any other categories we may have overlooked individually.

Finally, I fully understand that the recent police involvement in our observation of drug dealing in and around the Home's premises does not constitute an objection in itself. I merely put it forward as background info to give you a clearer picture of what we experience on an almost daily basis. I am also very clear that the drug dealing in Parkhousse Lane (which absorbs some residents greatly) is a totally separate situation and must not in any way be attributed to the Home.

As you requested I will keep you informed on any further contact the police have with us, the present situation being they "are taking appropriate action".

Should I be able to help you further please don't hesitate to contact me.

Yours very sincerely,

Veronica Vincent.
