

Examples of New Build Windows on back edge of pavement

App No. 111308

Site Address: 31 Cumberland Road, Reading, RG1 3LB

Description: Replacement of existing rear single storey extension with a two-storey extension, introduction of two dormer windows within the main rear roof slope, and associated internal works, to allow for community uses ancillary to the ongoing use of the building (comprising Nos. 29 & 31) as a Mosque (partly retrospective). Ancillary residential accommodation.

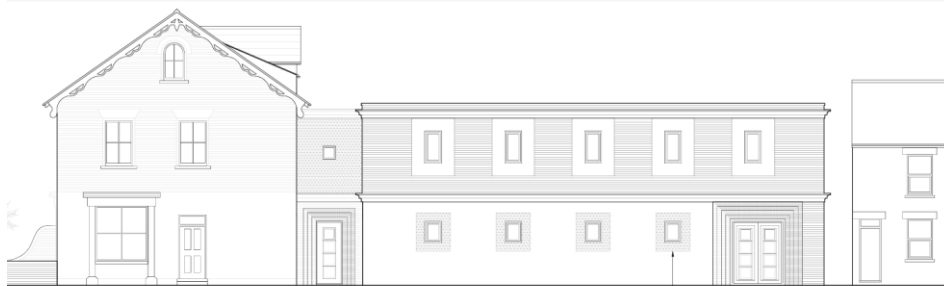

Windows granted planning permission directly on the back edge of pavement where other properties on the same street are set back.
