

Lines of sight

Easterly position – line of sight

Checks...

- The northerly right corner of the building is aligned to the most westerly tree trunk on the eastern waters edge
- The whole of the current house can be seen
- Waimarie cant be seen

A landscape photograph showing a calm body of water, likely a lake or a wide river. In the foreground, there is a dense thicket of bushes with green and brown leaves. The water reflects the sky and the surrounding trees. On the far bank, there are several buildings: a dark, single-story house with a gabled roof on the left, and a larger, multi-story building with a light-colored facade on the right. The background is filled with a dense forest of trees, some with autumn-colored foliage. The sky is overcast and grey. The text "EXISTING VIEW - EAST" is overlaid on the left side of the image.

EXISTING VIEW - EAST

existing house removed

position of replacement dwelling behind,
screened by existing trees

PROPOSED VIEW - EAST

Westerly position – line of sight

Checks...

- From the angle it is possible to see approx 2m into the dock
- The southerly left corner of the building is aligned to the most easterly tree trunk on the western waters edge

EXISTING VIEW - WEST

PROPOSED VIEW - WEST

Centre position – line of sight

Checks...

- The drive can be seen almost in the centre of the picture

EXISTING VIEW - CENTRE

PROPOSED VIEW - CENTRE
