

West Lodge, Coley Avenue, RG1 6LS

Proposal to make good and paint all rendered surfaces (excluding portico) in a breathable mineral paint suitable for historic buildings (Keim Mineral Paint), in a similar colour to that of the majority of the render, thereby improving the cohesiveness of the exterior and overall appearance of the property, as well as resistance to water ingress, without altering the building's character.

Exterior sand & cement render shown to exist in various tones/finishes/compositions:

Proposed paint colour to match that of the existing render:
