

Existing Front Elevation

Existing Rear Extension

EXTERNAL FINISHES TO THE PROPOSED EXTENSION

External Walls

Ground Floor

New Facing Brickwork to match as near as possible to the existing brickwork (Multi Red) with light mortar to match existing.

First Floor

Pebble dash rendering, sandy brown in colour to match near existing as possible

Roof Tiles

Redland or similar plain brown granular concrete roof tiles to match as near existing as possible

Windows and Doors

All new doors and windows to be white u’PVC double glazed to match existing doors and windows apart from main front door which is currently brown (see front elevation). The colour of this front door is to be confirmed.

Note: All windows to be clear glazed apart from first floor side window (north facing) to En-Suite Bathroom (facing No 118 Kidmore End Road) which is to be glazed in fully obscure glass
