

**Note:**  
For safety reasons all underground drainage details are by visual inspection only.  
Drainage must be verified on site before the commencement of any works.  
All tree information is indicative and if required should be verified by a specialist.  
Surveyed boundary features are not necessarily legal boundaries

| Abbreviations: |                       |     |                      |
