1.	Introduction	2
2.	Heritage Matters	22
3.	Summary & Conclusions	24

1.0 Introduction

1.1 This planning statement is prepared by Mr Paul S Bottomley BA (Hons), MA, MRTPI of Town Planning Bureau and is presented in support of a planning application under Section 96a of the Town and Country Planning Act 1990 (“96a”) for a non-material amendment to planning permission ref: 240422 and Section 19 Planning (Listed Building & Conservation Act) 1990 (“S19”) for an amendment to listed building consent ref: 240404 (“the application”).

- Applicant: Thackery Estates Reading Investments Ltd (“the Applicant”).
- Site: 1-15 Queen Victoria Street / 145-148 Friar Street, Reading RG1 1SY (“the site”).
- LPA: Reading Borough Council (“RBC” / “the Council”).

1.2 We should be grateful if you would give full consideration to the matters set out below.

Background

1.3 Planning permission (“PP”) (ref: 221232) and listed building consent (“LBC”) (ref: 221233) was approved for the redevelopment of 1-15 Queen Victoria Street (“QVS”) and 145-148 Friar Street (“Friar Street”) - these comprised the parent consent(s) and were approved May 2023.

Demolition of No. 146 Friar St and structures to rear and partial demolition of No. 145 Friar St and various external works to other existing buildings, as part of redevelopment to provide: reconfigured basement and ground floor uses (Class E(a) or (b)) on Friar St and Queen Victoria St frontages and proposed apart-hotel (Class C1) at part-basement, part-ground and on all upper floors; part-two, part- three storey rear extension to No’s 5-15 (odd) Queen Victoria St; replacement basement and five storey building at No. 145 Friar St and two-storey roof extension to No. 146 Friar St; proposed public courtyard accessed via Queen Victoria St walkway; roof level plant; and various other associated works. At: 1-15 Queen Victoria Street & 145-148 Friar Street Reading.

1.4 A number of the conditions pertaining to the ‘parent consent’ were discharged.

1.5 Amendments to the scheme were made and were approved by way of S73 (LPA ref: 240422) and a new LBC (LPA ref: 240404) to improve the scheme and ensure deliverability. These two approvals comprise the ‘extant consent’.

1.6 Further conditions pertaining to the ‘extant consent’ have been discharged and works on site are progressing.

1.7 As registered by RBC, a S96a (LPA ref: PL/25/0935) and a S19 (LPA ref: PL/25/0917) is currently pending determination or changes to proposed units 4 and 5 internal layout as well as a change to the corner of the ground floor (“GF”).

The Site

- 1.8 The site is a prominent plot located on the corner of Queen Victoria Street (“QVS”) and buildings along Friar Street, with significant frontage to both. QVS is the principle pedestrianised access point to the town centre from Reading Railway Station and Friar Street is traffic controlled with access to busses and taxis only.
- 1.9 The Site comprises a number of premises with retail uses at ground floor level with other secondary uses (although vacant) at first floor level and above. Both QVS and Friar Street are key primary retail streets within the town centre and are in a highly accessible location, approximately 250m from Reading Railway Station to the north.

Amended Scheme & Reason

- 1.10 This S96a application is sought for non-material amendments to PP ref: 240422 and this S19 to LBC ref: 240404, to amend make modest design evolution changes. The Operator provided detailed feedback and has been party to the changes to the detailed design to meet their requirements and to ensure compliance with Building Regulations.
- 1.11 The changes proposed are:
 - Change from ancillary space to courtyard & cycle store (rear of 146 Friar Street)
 - Change to means of access from courtyard.
 - Addition of a retail kiosk to Unit 6.
 - Change to door opening direction to courtyard doors.
 - Reconfiguration to back of house at BF & GF of aparthotel.
 - Change to retail Unit 1 and omission of side window.
 - Change to Fife Court elevation fenestration & doors from ground to fourth floor.
 - Minor internal changes to layout of bedroom accommodation of aparthotel.
 - Reduction in size of plant areas to roof of 1-15 QVS.
 - Change to plant areas to roof of 145 & 146 Friar Street.
 - Reduction of parapet height to roof of 145 & 146 Friar Street.
 - Addition of vertical transom to 1 to 15 QVS GF frontage.
- 1.12 The Applicant has an in principle agreement for the aparthotel and the changes proposed take account of the needs to the said operator.
- 1.13 The scheme is still proposing a mixed-use scheme comprising a public courtyard, retail and apart-hotel that will bring largely vacant and dilapidated site back into viable use, including the restoration and secured longevity of the Listed Buildings. For note, there are no changes needed to the description of development as the scheme proposed simply makes minor material amendments when considered in to the totality of the development proposed.

Amendments to Ground & Basement Floor

- 1.14 The changes are best highlighted on the comparison drawings below.
- 1.15 Ancillary Area: the Operator does not require the ancillary space and proposes to re-site the cycle store into a newly created courtyard. The WCs, comms & store is relocated to alternative location in the GF. A detailed drawing of the cycle store accompanies. The improved quality cycle store and increased number of bike stands is required by the Operator and is a BREEAM target item to assist with meeting BREEAM requirements. Below shows the ground floor changes been the approved and proposed change below.

- 1.16 Building Regulations: below shows the ground floor changes been the approved and proposed changes to the means of escape from the courtyard to the QVS - a protected passage is required to meet Building Regulations as this is a protected means of escape. The direction of door opening has been changed to also open out.

- 1.17 Retail Kiosk: a pop-up Retail Kiosk is proposed in Unit 06 that would be associated with the aparthotel and servicing the courtyard, this would operate in Class E and therefore not result in a material change in use nor reduction in floor area.

- 1.18 Back of House: the operator of the aparthotel has requested to amend the back of house area at GF and BF, these changes are required for operational requirements. As a consequence of the change there is a slight reduction of the retail floor area of Unit 1. Further as the BoH changes, the side elevation doors need to be shifted position.

Amendments to Side Elevation Fenestration

- 1.19 Fenestration: the Operator of the aparthotel has proposed some minor internal changes that has an impact on fenestration to the side elevation.

- 1.20 145 Friar Street: the side elevation of No.145 sits within Fife Court, which is a service road. This area has been subject to allot of anti-social behaviour, including vandalism, spray painting and destruction of property. The large glazed window set back from Friar Street is a significant concern for the future tenant and they are seeking that the window is omitted due to on-going maintenance costs. To fix and repair a window of this size is in the thousands of pounds and placing a large window, set back is a clear risk that has occurred on other sites. In any event, this shop unit does not have a side elevation window as existing.

Internal Changes to Aparthotel Rooms

- 1.21 **Layout:** the Operator of the aparthotel has proposed some minor internal changes, however, the number of rooms remains the same. There has also been some modest changes to ancillary rooms not required.
- 1.22 **Fenestration:** one room will have a change to the fenestration of Room 1.15 - the said room will benefit from a side window and rooflights.

Plant Area Zone to 1-15 Queen Victoria Street

- 1.23 **Plant:** the approved scheme proposed a plant zone at roof level that comprises the majority of the roof. This is shown on the approved drawing. As the detailed design has been progressed the detailed requirements for the air handling has been formalised and this allows a reduction in the size of the plant zone and enclosures.
- 1.24 The scheme now proposes only three more modest zones / enclosures, which are sited in the recess to the rear of the hipped roof of the building ensuring they are screened from public vantage points.
- 1.25 The reduction to the plant zones allows the brown roof area to be increased in extent.

Approved

Proposed

Approved

Proposed

Plant Area Zone to 145 to 146 Friar Street

- 1.26 Plant: the approved scheme proposed a plant zone has already been reduced, the hatched orange area was omitted by planning permission ref: 221232. Full design development has confirmed the lift overrun, plant for Unit 2 and access hatch. The main plant zone is confirmed. A benefit is a the area of PV panels proposed can now be confirmed and detailed.
- 1.27 The roof level changes are non-material change to the scheme.

Parapet Reduction 145 to 146 Friar Street

1.28 **Parapet:** the building benefits from a parapet to the roof of 145 to 146 Friar Street. Again, detailed design has established the actual massing of the parapet, which is reduced to further reduce the mass in bulk of the building.

1.29 The roof level changes are non-material change to the scheme.

1-15 QVS Shopfront Transom

1.30 **Transom:** the front elevations of the shop fronts have been designed with single pane glazing. However, during detailed design the weight of a single pane of secure glazing, the manufacture of the shop front has advised a vertical transom is required. This would be modest and add detail and interest to the shop front. The change is non-material.

Pre-Submission Discussions

- 1.31 The Applicant has entered into pre-submission discussions - the key points of those discussion are addressed in this application submission and are addressed below.

Amendments to Ground & Basement Floor

- 1.32 Ancillary Area: as advised, the Operator does not require the ancillary space and proposes to re-site the cycle store into a newly created courtyard. The WCs, comms & store is relocated to alternative location in the GF as shown below and Comms room to the BF. Access to the ancillary area is for the aparthotel only.

- 1.33 WCs: An accessible WC is shown on the proposed drawings - the provision and allocation meets Building Regulations with the quantum to meet the F&B offering floor area. The F&B and retail units will provide WC provision as part of their fit-outs. The internal elevations and cycle store are shown on drawing ref: 1460

- 1.34 **Brown Roof:** as noted, there is a modest reduction in brown roof at first, however, the quantum of brown roof has been maintained and increased at roof level above 1-15 QVS as the plant enclosure is reduced.

Public Benefits

- 1.45 **1-15QVS:** the changes to the listed building are limited to those works essential to move this scheme forward. A major benefit is the reduction in plant enclosure at roof level and increase to the brown roof.
- 1.46 The primary public benefit is the securing of tenants to occupy the scheme, which it is hoped these further changes can facilitate.

Decision & Conditions

1.47 The description of development will remain:

Demolition of No. 146 Friar St and structures to rear and partial demolition of No. 145 Friar St and various external works to other existing buildings, as part of redevelopment to provide: reconfigured basement and ground floor uses (Class E(a) or (b)) on Friar St and Queen Victoria St frontages and proposed apart-hotel (Class C1) at part-basement, part-ground and on all upper floors; part-two, part- three storey rear extension to No's 5-15 (odd) Queen Victoria St; replacement basement and five storey building at No. 145 Friar St and two-storey roof extension to No. 146 Friar St; proposed public courtyard accessed via Queen Victoria St walkway; roof level plant; and various other associated works. At: 1-15 Queen Victoria Street & 145-148 Friar Street Reading.

1.48 There will however be modest changes to the conditions, for ease these are presented in the table below.

Con	Description	Type	Amendment
1	The development to which this permission relates must be begun not later than the expiration of three years beginning with the date on which the original permission (LPA Ref 221232) was granted (on 24/05/2023).	Compliance	No Change
2	The development hereby permitted shall ONLY be carried out in accordance with the following approved plans: [see below]	Compliance	Drawing List amended
3	Condition 3 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241543/APPCON, as determined on 08/05/2025	Pre-Commencement	No Change
4	No above ground development shall commence on site, including any remaining works of demolition and any preparatory works but with the specific exception of any remaining repair works to the 12 roof level gables at 1-15 Queen Victoria Street and 148 Friar Street (as per approved plans: P22018-FCH-BA-XX- DR-A-1140 Rev P01 - Existing Elevation 01; P22018-FCH-BA-XX-DR-A-1450 Rev P01 - Demolition Elevation 01, as both received on 26/08/2022; and, P22018-FCH-BA-XX-DR-A-1400 Rev P10 - Proposed Elevation 01, as received on 04/07/2024) and the remaining demolition to ground level of No 146 Friar Street and inward facing buildings within the application site (as shown on approved plans P2218-FCH-BA-00-DR-A-1320 Rev P01 - Pre Commencement Demolition Ground floor, P22018-FCH-BA-01-DR-A-1321 Rev P01 - Pre Commencement Demolition First floor, P22018-FCH-BA-02-DR-A-1322 Rev P01 - Pre Commencement Demolition Second floor, P22018-FCH-BA-03-DR-A-1323 Rev P01 - Pre Commencement Demolition Third floor, P22018-FCH-BA-B1-DR-A- 1324 Rev P01 - Pre Commencement Demolition Basement, P22018-FCH-BA- XX-DR-A-1420 Rev P01 - Pre Commencement Demolition Elevation 01, P22018-FCH-BA-XX-DR-A-1421 Rev P01 - Pre Commencement Demolition Elevation 02, P22018-FCH-BA-XX-DR-A-1422 Rev P01 - Pre Commencement Demolition Elevation 03, as all received on 13/04/2023, and P22018- FCH-BA-XX- DR-A1520 Rev P01 - Pre-Commencement Demo Section 01, P22018-FCH-BA-XX- DR-A-1521 Rev P01 - Pre-Commencement Demo Section 02, P22018-FCH-BA-XX- DR-A-1522 Rev P01 - Pre-Commencement Demo Section 03, P22018-FCH-BA-XX- DR-A-1523 Rev P01 - Pre Commencement Demo Section 04, as all received on 10/05/2023), before a contract for the carrying out of the works of redevelopment of the site for the proposed shell and core stages, has been made, as confirmed in details to be submitted to and approved in writing by the Local Planning Authority.	Pre-Shell n Core	Updated
5	Condition 5 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 230789/APPCON, as determined on 23/06/2023.	Pre-Demolition	No Change
6	The following measures within the approved (as per application 230791/APPCON, as approved on 16/08/2023) Demolition and Construction Method Statement:	Pre-Demolition	

	-1-15 Queen Victoria Street & 145-148 Friar Street, Reading Demolition and Construction Method Statement by Mode Transport Planning Ref 230814 J327403 DCMS -V1.8.docx, Version V1.9 dated and received 14/08/2023 -J32-7403-PS-003 Rev D - Proposed Construction Site Set-Up (QVS - Demolition Stage), as received 14/08/2023 -J32-7403-PS-004 Rev D - Proposed Construction Site Set-Up (QVS - Construction Stage), as received 14/08/2023 - J32-7403-AT-005 Rev G - Swept Path Analysis - Small Tipper (Access via Queen Victoria Street), as received 14/08/2023 - J32-7403-AT-006 Rev B - Swept Path Analysis - Dennis Sabre Fire Tender (LWB) (Access via Queen Victoria Street), as received 03/08/2023 shall be adhered to throughout the demolition and construction period.		No Change
7	Prior to the first occupation of the apart-hotel hereby approved, details of the exact type and layout of an appropriate number of cycle parking spaces shall be submitted to and approved in writing by the Local Planning Authority. All of the cycle parking spaces shall be provided in full accordance with the approved details prior to the first occupation of the apart-hotel and thereafter kept free of obstruction and retained in accordance with the approved details and shall remain available for the parking of cycles at all times.	Pre-Occupation	No Change
8	Prior to the first occupation of the apart-hotel hereby approved, details of how refuse and recycling collections will be managed from the site (including vehicles, servicing and deliveries), shall be submitted to and approved in writing by the Local Planning Authority. Thereafter refuse collection, servicing and deliveries will be carried out fully in accordance with the approved details.	Pre-Occupation	No Change
9	Deliveries and servicing of the development shall only be undertaken in accordance with the approved Delivery and Servicing Plan (Delivery and Servicing Plan by Mode Transport Planning Ref 325429 V2.3 dated August 2022, as received 26/08/2022) to ensure vehicles access the site without creating safety concerns and congestion based on the anticipated number of vehicle trips.	Compliance	No Change
10	The glazing, ventilation and any other mitigation specified shall be installed in accordance with the specifications recommended within the Noise Assessment submitted with the application (Noise Impact Assessment Report by KP Acoustics Ref 21827.NIA.01 Rev D dated 16/11/2022, as received on 21/11/2022)	Compliance	No Change
11	Prior to the installation of any externally-located mechanical plant a noise assessment of the proposed mechanical plant shall be submitted and approved by the Local Planning Authority. The assessment shall be carried out for in accordance with BS4142:2014+A1:2019 methodology. The predicted specific sound level (LAeq,TR) (with reference to BS:4142) as measured at a point 1 metre external to the nearest noise sensitive facade shall be at least 5dB below the pre-existing background sound level, LA90,T when all plant/equipment (or any part of it) is in operation. The predicted rating level, LAr,Tr (specific sound level plus any adjustment for the characteristic features of the sound) as measured at a point 1 metre external to the nearest noise- sensitive façade (habitable window of a dwelling) shall not exceed the pre-existing background sound level, LA90,T when all plant/equipment (or any part of it) is in operation. The plant shall thereafter only be installed in accordance with the assessment and shall thereafter be maintained so that it operates to the same standard.	Pre-Installation	No Change
12	Prior to the first occupation of any ancillary gym within the apart-hotel use hereby approved, a noise assessment shall be submitted to and approved, in writing, by the Local Planning Authority. The noise assessment shall include an assessment of the noise environment within the ancillary gym and inclusion of any required mitigation measures (including to the internal structure of the unit itself) to protect nearby occupiers from noise and disturbance, including structure borne noise. The scheme itself shall be designed, specified and constructed so that the sound insulation performance of the resultant structure is such that the indoor ambient noise levels within adjoining and nearby premises do not exceed the appropriate values for the use of the premises detailed in Table 4 of BS 8233:2014 as a result of noise from the ancillary gym and the impact noise does not cause disturbance to occupiers. Thereafter, the development shall not be carried out other than in accordance with the approved scheme which shall be completed	Pre-Occupation	No Change

	before the first occupation of the apart-hotel use, and retained / maintained as such thereafter.		
13	Prior to the first occupation of the apart-hotel use hereby approved an odour assessment shall be carried out and a detailed odour management plan to include scaled plans, odour control specifications and a maintenance plan shall be submitted to and approved in writing by the Local Planning Authority. Reference shall be made to the EMAQ guidance on the Control of Odour and Noise from Commercial Kitchen Exhaust Systems (Sept 2018) when assessing potential odours and selecting appropriate odour control methods. When assessing potential odours, the assessment shall consider the full range of cooking types that may be conducted under the permitted use. Thereafter, the development shall not be carried out other than in accordance with the approved scheme with any measures completed prior to the first occupation of the apart-hotel and retained / maintained as such thereafter.	Pre-Occupation	No Change
14	Condition 14 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 230790/APPCON, as determined on 29/06/2023:	Pre-Demolition	No Change
15	Condition 15 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 230790/APPCON, as determined on 29/06/2023.	Pre-Demolition	No Change
16	Condition 16 of the original permission is no longer relevant, as the details approved as per conditions 14 and 15 (application 230790/APPCON, as determined on 29/06/2023) concluded that no further investigation or remediation is necessary due to low risk of ground contamination.	Compliance	No Change
17	In the event that contamination is found at any time when carrying out the approved development not previously identified, development shall be halted on that part of the site and the contamination reported in writing to the Local Planning Authority. An assessment of the nature and extent of contamination shall be undertaken and where remediation is necessary a remediation scheme, together with a timetable for its implementation, shall be submitted in writing to the Local Planning Authority for its written approval. The measures in the approved remediation scheme shall be implemented in accordance with the approved timetable. Halted works shall not be recommenced until the measures identified in the approved remediation scheme have been completed and a validation report has been submitted to and been approved in writing by the Local Planning Authority.	Compliance	No Change
18	No construction, demolition or associated deliveries shall take place outside the hours of 08:00 to 18:00 hours Mondays to Fridays, and 09:00 to 13:00 hours on Saturdays, and not at any time on Sundays and Bank or Statutory Holidays without prior written approval from the Local Planning Authority.	Compliance	No Change
19	No materials or green waste produced as a result of the clearance of the site, demolition works or construction works associated with the development hereby approved shall be burnt on site.	Compliance	No Change
20	Prior to the first occupation of the apart-hotel use hereby approved details of measures to prevent pests and vermin accessing the bin store(s) shall be submitted to and approved in writing by the Local Planning Authority. The approved bin storage, including pest and vermin control measures, shall be provided in accordance with the approved details prior to first occupation of the apart-hotel and shall not be used for any purpose other than bin storage at all times thereafter.	Pre-Occupation	No Change
21	Condition 21 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241224/APPCON, as determined on 15/10/2024	Pre-Commencement	No Change
22	Prior to the first occupation of the apart-hotel hereby permitted, the sustainable drainage scheme for the site shall be completed in accordance with the approved strategy to be submitted pursuant to condition number 21. The sustainable drainage scheme shall be managed and maintained thereafter in accordance with the agreed management and maintenance plan.	Compliance	No Change

23	Condition 23 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241175/APPCON, as determined on 07/10/2024 and 241224/APPCON, as determined on 23/06/2023	Pre-Commencement	No Change
24	Condition 24 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241231/APPCON, as determined on 07/11/2024.	Pre-Commencement	No Change
25	Condition 25 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241293/APPCON, as determined on 04/03/2025	Pre-Commencement	No Change
26	Condition 26 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241363/APPCON, as determined on 04/11/2024	Pre-Commencement	No Change
27	Condition 27 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241290/APPCON, as determined on 06/03/2025	Pre-Commencement	No Change
28	Condition 28 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241322/APPCON, as determined on 06/03/2025	Pre-Commencement	No Change
29	Condition 29 is hereby granted to be removed.	Compliance	No Change
30	Condition 30 is hereby granted to be removed.	Compliance	No Change
31	Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking or re-enacting that Order with or without modification) no amalgamation of any part of proposed Queen Victoria Street units 04, 05 or 06 (identified as 'retail units' 04, 05 and 06 on approved plan P22018-FCH-BA-00-DR-A-1300 Rev P10 - Proposed Ground Floor Plan, as received 04/07/2024) hereby approved without the express planning permission from the local planning authority.	Compliance	Update Drawing Number
32	Any ground floor use associated with the apart-hotel, including the ground food and beverage / social space indicated on approved plan P22018-FCH-BA-00-DR-A-1300 Rev P10 - Proposed Ground Floor Plan, as received 04/07/2024, shall not be occupied at any time other than for purposes ancillary to the use as an apart-hotel (Class C1).	Compliance	Update Drawing Number
33	Any ancillary basement level use associated with the apart-hotel, as per approved plan P22018-FCH-BA-B1-DR-A-1306 Rev P04 - Proposed Basement Floor Plan, as received 03/04/2024, shall not be occupied at any time other than for purposes ancillary to the use as an apart- hotel (Class C1), be for use by apart-hotel guests only and not be open to general members of the public.	Compliance	Update Drawing Number
34	The maximum number of apart-hotel rooms within the apart-hotel hereby approved shall not at any time exceed the approved number of 107 rooms, and shall include no fewer than 5 accessible rooms (as per Building Regulations Approved Document M Volume 2) within the approved number of 107 rooms.	Compliance	No Change
35	Notwithstanding the provisions of Class 12 of Schedule 3 of the Town and Country Planning (Control of Advertisements) Regulations 2007 (as amended), the ground floor units hereby approved along Friar Street, Queen Victoria Street and the newly created public courtyard shall retain 'active window displays' along the length of the frontages at ground floor level, without the installation of window vinyls, roller shutters, or similar which would obscure visibility between the public realm and the units during the unit's operating hours	Compliance	No Change
36	Prior to first occupation of the apart-hotel use, full details of all external lighting to be installed within the development shall be submitted to and approved in writing by the Local Planning Authority. The details shall include a plan indicating the locations of the lights, specifications, height, luminance; lens shape/beam pattern and orientation, any hoods/shades, and an isolux contour map to show light spill levels (down to 2 lux if operating between 23:00 and 07:00, or down to 10 lux if operating only between 07:00 and 23:00) and showing neighbouring buildings. The details shall demonstrate that light levels will not exceed the relevant guidance lux levels specified in the Institute of Lighting Professionals: Guidance Notes for the Reduction of Obtrusive Light GN01:2011 and shall also demonstrate	Pre-Occupation	No Change

	how glare will be controlled. The approved scheme shall thereafter be installed before first apart-hotel use commences and the external lighting shall thereafter be maintained and operated in accordance with the approved details.		
37	Prior to the first occupation of the apart-hotel use hereby approved, details of a scheme providing external public art on site shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme of public art shall be installed before first occupation of the apart-hotel use of the development and shall thereafter be maintained in accordance with the approved details.	Pre-Occupation	No Change
38	Prior to the first occupation of the apart-hotel hereby permitted an operational management and maintenance strategy for the public courtyard accessed via Queen Victoria Street (as shown on approved plan P22018-FCH-BA-00-DR-A-1300 Rev P10 - Proposed Ground Floor Plan, as received 04/07/2024) shall be submitted to and approved in writing by the Local Planning Authority. The public courtyard shall be managed and maintained in accordance with the approved strategy thereafter.	Pre-Occupation	Update Drawing Number
39	Any ground floor level gates or doors hereby permitted which front onto Queen Victoria Street, Friar Street, Fife Court or the public courtyard (as shown on approved plan P22018-FCH-BA-00-DR-A-1300 Rev P10 - Proposed Ground Floor Plan, as received 04/07/2024) shall open inwards away from the highway/street (as appropriate) only.	Compliance	Update Drawing Number
40	The public courtyard (accessed via Queen Victoria Street as shown on approved plan P22018-FCH-BA-00-DR-A-1300 Rev P10 - Proposed Ground Floor Plan, as received 04/07/2024) shall not be used by members of the public outside the hours of 07:00 to 23:00 hours on Mondays to Fridays, 07:00 to 00:30 hours on Saturdays and 07:00 to 22:30 hours on Sundays and all Bank Holidays and Statutory Holidays.	Compliance	Update Drawing Number
41	Any Class E (a) (Display or retail sale of goods, other than hot food) use hereby permitted shall not be used by members of the public outside the hours of 06:00 to 23:00 hours on Mondays to Saturdays and 06:00 to 18:00 hours on Sundays and all Bank Holidays and Statutory Holidays. Compliance	Update Drawing Number
44	No development, barring any remaining demolition works and any remaining repair works to the 12 roof level gables at 1-15 Queen Victoria Street and 148 Friar Street (as per approved plans: P22018-FCH-BA-XX-DR-A-1140 Rev P01 - Existing Elevation 01; P22018-FCH-BA-XX-DR-A-1450 Rev P01 - Demolition Elevation 01, as both received on 26/08/2022; and, P22018-FCH-BA-XX-DR-A-1400 Rev P10 - Proposed Elevation 01, as received on 04/07/2024), and the remaining demolition to ground level of No 146 Friar Street and inward facing buildings within the application site (as shown on approved plans P2218-FCH-BA-00-DR-A-1320 Rev P01 - Pre Commencement Demolition Ground floor, P22018-FCH-BA-01-DR-A-1321 Rev P01 - Pre Commencement Demolition First floor, P22018-FCH-BA-02-DR-A-1322 Rev P01 - Pre Commencement Demolition Second floor, P22018-FCH-BA-03-DR-A-1323 Rev P01 - Pre Commencement Demolition Third floor, P22018-FCH-BA-B1-DR-A-1324 Rev P01 - Pre Commencement Demolition Basement, P22018-FCH-BA-XX-DR-A-1420 Rev P01 - Pre Commencement Demolition Elevation 01, P22018-FCH-BA-XX-DR-A-1421 Rev P01 - Pre Commencement Demolition Elevation 02, P22018-FCH-BA-XX-DR-A-1422 Rev P01 - Pre Commencement Demolition Elevation 03, as all received on 13/04/2023, and P22018-FCH-BA-XX-DR-A-1520 Rev P01 - Pre-Commencement Demo Section 01, P22018-FCH-BA-XX- DR-A-1521 Rev P01 - Pre-Commencement Demo Section 02, P22018-FCH-BA-XX- DR-A-1522 Rev P01 - Pre-Commencement Demo Section 03, P22018-FCH-BA-XX- DR-A-1523 Rev P01 - Pre Commencement Demo Section 04, as all received on	Pre-Commencement	Update Drawing Number

	10/05/2023), shall commence on site until either a) a copy of an Interim BREEAM Certificate in accordance with the BREEAM Sustainability Standard demonstrating compliance with a minimum standard of BREEAM Excellent rating, or b) satisfactory evidence of equivalence, has been submitted to and approved in writing by the Local Planning Authority.		
45	Within six months of first occupation of the apart-hotel use hereby approved, either a) a copy of a Final BREEAM Certificate in accordance with the BREEAM Sustainability Standard following a post-construction stage review carried out by a licensed assessor, demonstrating that the relevant part of the development has attained as a minimum the standard set out in the Interim BREEAM Certificate referred to in condition 44, or b) satisfactory evidence of equivalence following the approach in condition 44, has been submitted to and approved in writing by the Local Planning Authority.	Pre-Occupation	No Change
46	The development shall be carried out in accordance with the energy measures and carbon reductions achieved in the Energy Statement documents hereby approved (Low Zero Carbon (LZC) Study by Troup Bywaters + Anders Ref WA0305-TBA-Q1-XX-RP-N00003 Revision P02 - dated 14th November 2022; Energy and BREEAM Statement by Troup Bywaters + Anders Ref WA0305-TBA-Q1-XX-RP-N-00002 Revision P04 - dated 14th November 2022; MEP Strategies Report by Troup Bywaters + Anders Ref WA0305-TBAQ1-XX-RP-N-00001 Revision P04 - dated 14th November 2022; 138-144 and 145-148 Friar Street: TB+A supplementary information in relation to PR6 - Sustainable Design and Construction SPD Section 8.6 Ground-Source and Air-Source Heat Pump by Troup Bywaters + Anders dated and received 01/12/2022; 138-144 and 145-148 Friar Street: TB+A supplementary information in relation to EE2 Baseline energy demand by Troup Bywaters + Anders dated and received 01/12/2022) and be retained and maintained as such thereafter.	Compliance	No Change
47	The scheme and details of repairs to 12 roof level gables at Numbers 1-15 (odd) Queen Victoria Street and Number 148 Friar Street shall be carried out in accordance with the details approved under application 230789/APPCON on 23/06/2023: Letter from Capital Stone Renovation Ltd Re Method Statement for the repairs or rebuilding of the high level gables High Level Gable Repairs to Queen Victoria Street, Reading (6 page document), unspecified author Outline Schedule of Works and Specification to Roof Repairs by Wonnacott Partnership Chartered Surveyors 1-15 Queen Victoria St and 147-148 Friar St, Reading - External Repairs Project Programme Version 4, dated 16/06/2023 SR-QVS-001 Rev 01 - Existing Long Elevation Sheet 1/9 SR-QVS-002 Rev 01 - Existing Elevation Sheet 2/9 SR-QVS-003 Rev 01 - Existing Elevation Sheet 3/9 SR-QVS-004 Rev 01 - Existing Elevation Sheet 4/9 SR-QVS-005 Rev 00 - Existing Elevation Gable Type 01 SR-QVS-006 Rev 00 - Existing Elevation Gable Type 02 SR-QVS-007 Rev 00 - Existing Elevation Gable Type 03 SR-QVS-008 Rev 00 - Existing Elevation Gable Type 04 SR-QVS-009 Rev 00 - Existing Elevation Gable Type 05 As all received on 16/06/2023	Pre-Demolition	No Change
48	Condition 48 of the original permission is no longer relevant, as it has been satisfied as per approval of details application 241292/APPCON, as determined on 22/11/2024	Pre-Commencement	No Change
49	Notwithstanding the provisions of Schedule 2, Part 3 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any order revoking or re-enacting that Order with or without modification), the ground floor of the building shall be used for Class C1, E (a), E (b), E (c), E (d), E (e) or E (f) uses only and for no other purpose (including any other purpose in the same Use Class of the Town and Country Planning (Use Classes) (Amendment) (England) Regulations 2020, or in any provision equivalent to that Class in any statutory instrument revoking or re-enacting that Order with or without modification.	Compliance	No Change
50	Prior to the first occupation of the apart-hotel hereby approved, full details of the proposed roof mounted Photovoltaics shall be submitted to and approved in writing by the Local Planning Authority. These details shall include roof plans, elevations and sections showing the		

	location, position and orientation of the Photovoltaics, their dimensions, manufactures specification, and ongoing maintenance arrangements. Prior to the first occupation of the apart-hotel hereby approved, the Photovoltaics shall be installed in accordance with these approved details and maintained in good working order to the satisfaction of the Local Planning Authority.	Pre-Occupation	No Change
51	Any Class E (c) (Financial and professional services), E (d) (Indoor sport, recreation or fitness), E (e) (Medical or health facilities) or E (f) (Creche, day nursery or day centre) use hereby permitted shall not be used by members of the public outside the hours of 06:00 to 23:00 hours on Mondays to Saturdays and 06:00 to 18:00 hours on Sundays and all Bank Holidays and Statutory Holidays.	Compliance	No Change
52	Prior to the first occupation of any Class E (d) gym use at basement or ground floor level hereby approved, a noise assessment shall be submitted to and approved, in writing, by the Local Planning Authority. The noise assessment shall include an assessment of the noise environment within the gym and inclusion of any required mitigation measures (including to the internal structure of the unit itself) to protect nearby occupiers from noise and disturbance, including structure borne noise. The scheme itself shall be designed, specified and constructed so that the sound insulation performance of the resultant structure is such that the indoor ambient noise levels within adjoining and nearby premises do not exceed the appropriate values for the use of the premises detailed in Table 4 of BS 8233:2014 as a result of noise from the gym and the impact noise does not cause disturbance to occupiers. Thereafter, the development shall not be carried out other than in accordance with the approved scheme which shall be completed before the first occupation of the Class E (d) gym use, and retained / maintained as such thereafter.	Pre-Occupation	No Change

Application Determination by Section 96a

1.49 Section 96a of the Act states:

[F196A Power to make non-material changes to planning permission [F2 or permission in principle] (1) A local planning authority F3... may make a change to any planning permission [F4, or any permission in principle (granted following an application to the authority),] relating to land in their area if they are satisfied that the change is not material. (2) In deciding whether a change is material, a local planning authority must have regard to the effect of the change, together with any previous changes made under this section, on the planning permission [F5 or permission in principle] as originally granted. (3) The power conferred by subsection (1) includes power [F6 to make a change to a planning permission] — (a) to impose new conditions; (b) to remove or alter existing conditions.

1.50 As advised, the amendments to the scheme are to make a modest internal change, within the context of the proposal and having regard to the PPG and relevant case law, these changes are not fundamental nor material to the scheme.

1.51 Therefore, we submit, this scheme is exactly the scenario expected and the use of S96a was introduced to facilitate.

Application Determination by Section 19

1.52 Section 19 of the Act states:

- 19 Application for variation or discharge of conditions.**
- (1) Any person interested in a listed building with respect to which listed building consent has been granted subject to conditions may apply to the local planning authority for the variation or discharge of the conditions.
 - (2) The application shall indicate what variation or discharge of conditions is applied for.
 - (3) Sections 10 to 15 apply to such an application as they apply to an application for listed building consent.
 - (4) On such an application the local planning authority or, as the case may be, the Secretary of State may vary or discharge the conditions attached to the consent, and may add new conditions consequential upon the variation or discharge, as they or he thinks fit.
 - [F1]** (5) But a variation or discharge of conditions under this section must not—
 - (a) vary a condition subject to which a consent was granted by extending the time within which the works must be started;
 - (b) discharge such a condition.]

1.53 As advised, the amendments to the scheme are to make a modest internal change, within the context of the proposal and having regard to the PPG and relevant case law, these changes can be dealt with by way of a material amendment.

Planning Application Drawings

1.54 The previously approved drawings and those amended to replace them are listed in the table below:

Drawing	Approved	Proposed
Demolition Ground Floorplan	P22018-FCH-BA-00-DR-A-1350-P02	No change

Elevations - Rear Courtyard	P22018-FCH-BA-XX-DR-A-1460-P01

Application Submission

1.56 This Planning Statement should be read in conjunction with the following supporting documents submitted with this application. This material will show that the proposals accord with national and local planning policy and guidance, represent sustainable development and there are no material considerations that indicate that an application under S96a of the town and country planning act could not be approved for this scheme.

2. Heritage Impacts

Policy

- 2.1 The NPPF requires proposals affecting statutory heritage assets to describe the significance of the assets (paragraph 207).
- 2.2 Paragraph 210 states that great weight should be given to the conservation of designated heritage assets when assessing development. Paragraph 215 states that where less than substantial harm would be caused to significance, then public benefits including optimum viable use should be considered.
- 2.3 **Policy EN1** of the RBLP seeks the protection and enhancement of the historic environment. All proposals will be expected to protect and where possible enhance the significance of heritage assets and their settings. The Council will proactively seek solutions for assets at risk, including consideration of appropriate development schemes that will ensure the repair and maintenance of the asset.
- 2.4 **Policy EN6** states that, in areas characterised by heritage assets, new development will make a contribution to the historic character by respecting and enhancing its architectural and visual qualities and considering how heritage considerations can influence the design of new development.

Assessment

- 2.5 As identified earlier in this statement, the buildings of the application site are Grade II listed, under list entry 1113488 and 1113564. The listings date from 1978 and focus on the façade detailing and material of the buildings, with particular mention to the shop front designs.
- 2.6 This S96a application and S19 is accompanied by a Heritage Statement prepared by Revive and Taylor, which is an addendum to the Heritage Statement prepared for the planning and listed building consent applications ref: 221232/221233.
- 2.7 This provides a comprehensive historic assessment of the heritage assets, determination of their significance and value, and assesses the potential impact of the proposals on the assets. The Heritage Statement should be referred to for full details of the assessment.
- 2.8 The changes to the proposals will have both positive improvements on the significance of the assets. It notes that the negative impacts have been mitigated, if not avoided, by the sympathetic design and considerable enhancements brought about by the benefits of the proposals.
- 2.9 When assessed as part of the HIA for the parent LB, there are works to matters of low significance and there would not be harm to the special interest of the heritage asset.
- 2.10 The works are simply to ensure compliance with Building Regulations (means of escape) and to ensure the scheme can come forward (plant enclosure and window transom).

- 2.11 In assessing harm, again it is deemed to be low/ nil harm to the heritage asset.

Summary

- 2.12 The proposals represent a unique opportunity to save and restore these important heritage assets, breathing new life into the Listed Buildings and this part of the town centre. The significant heritage and public benefits of the proposals far outweigh the low/ nil harm arising to the heritage significance and result in a net benefit and enhancement to the current situation. The proposals are considered to comply with relevant tests and requirements of the NPPF and Policies EN1 and EN6 of the RBLP.

3. Summary & Conclusions

- 3.1 This s.96a Application and S19 scheme together with supporting material show that the changes to the approved development proposals presented herewith represent sustainable development, are in accordance with the up-to-date development plan and should be granted a non-material amendment and listed building consent accordingly.
- 3.2 The lack of desirability of the existing use, the demand for the new retail units and the opportunity for preservation and enhancement of a heritage asset and the other benefits the scheme will deliver represent a strong justification for alternative uses with a summary of the key matters of consideration set out below.
- 3.3 The changes now proposed as part of this S96a application build on the previously approved QVS1 schemes and evolve the original proposals, expanding on the QVS1 vision approved previously.
- 3.4 The changes made to provide essential changes to ensure the delivery of the scheme.
- 3.5 The changes made to the scheme are modest and comprise:
- Change from ancillary space to courtyard & cycle store (rear of 146 Friar Street)
 - Change to means of access from courtyard.
 - Addition of retail kiosk to Unit 6.
 - Change to door opening direction to courtyard doors.
 - Reconfiguration to back of house at BF & GF of aparthotel.
 - Change to retail Unit 1 and omission of side window.
 - Change to Fife Court elevation fenestration & doors from ground to fourth floor.
 - Minor internal changes to layout of bedroom accommodation of aparthotel.
 - Reduction in size of plant areas to roof of 1-15 QVS.
 - Change to plant areas to roof of 145 & 146 Friar Street.
 - Reduction of parapet height to roof of 145 & 146 Friar Street.
 - Addition of vertical transom to 1 to 15 QVS GF frontage.

- 3.6 The proposals represent a unique opportunity to save and restore these important heritage assets, breathing new life into the Listed Buildings and this part of the town centre. The significant heritage and public benefits of the proposals far outweigh the low/ nil harm arising to the heritage significance and result in a net benefit and enhancement to the current situation in full compliance with the tests and requirements of the NPPF and Policies EN1 and EN6 of the RBLP.
- 3.7 The retail provision of the proposals represents a significant public benefit economically for both the town centre, employment opportunities and to secure the future redevelopment of this site.

Conclusions

- 3.8 This application demonstrates compliance with national and local planning policy and guidance, as well as best practice techniques and approaches where possible, all the while continuing to strike that delicate balance.
- 3.9 It has been demonstrated through this S96a application that non-materially amends the previously approved application ref: 240422 accord with an up-to-date development plan, represent sustainable development - there are no material indications that indicate otherwise.
- 3.10 This heritage led regeneration scheme of this key town centre site makes a modest amendment to the listed building consent to comply with Building Regulations and operator requirements.
- 3.11 The works will result in low harm, but the substantial public benefits offset any low level harm and will underpin the full restoration and rejuvenation of this key town centre site.
