The following documents are hereby approved pursuant to Condition 4 (Refuse) of application PL/24/0203

Waste management contract as submitted 4 July 2025

307/01 P2 GF Proposed plan – pest control location as submitted 4 July 2025

Photo of Pest control box as submitted 4 July 2025

307/01 P2 GF Proposed plan Bin locations as submitted 8 September 2025

Photo of waste bin collection area in front of entrance as submitted 8 September 2025

Photo from distance of bin at collection area as submitted 8 September 2025

Photo of bin storage in rear yard as submitted 8 September 2025

RBC Waste services and RBC Transport have confirmed that the bin positioning is ok for collection only (not storage) as long as it is not left on the pavement for long periods, it must not obstruct the footway and the bin would need to be promptly returned to the rear yard after collection to ensure it is not left out.

Please note that it is the responsibility of the developer to ensure that all relevant conditions are complied with during the construction and/or subsequent use of the development.

Should you wish to discuss this matter further, please contact me by email.

Yours sincerely
