NOTES MITIGATION MEASURES, AS PER FLOOD RISK ASSESMENT REPORT C3586-R1-REV-A:
The finished floor level of the ground floor of this building will be raised 300mm higher than the existing ground flood level. Furthermore the building is currently raised approximately 150mm to 250mm above the external ground levels. The plant room will be raised 500mm above the external ground level to ensure that no flood water enters the building.
