Notes

1. Non-standard RAL colour of louvres to be confirmed by the Architect prior to order.
2. Final dimensions of louvres to be confirmed by Architect to match whole brick dimensions prior to order.
3. *The existing openings shall be adjusted, using either brickwork or metal sheet, to accommodate the specified L5 for EF1-A and EF1-B. The contractor is responsible for taking site measurements and producing an installation sketch before ordering the louvre shutter. If site measurements allow, a larger louvre shutter (e.g., 064-0800-C) may be used.*
4. *The final colour for Louvre Shutter L5 is to be confirmed by the Architect.*
