Hi Laura,

Please confirm when the bins will be delivered so that I can set this up from that date.

Thanks

Barbara

Hi Laura,

Please can you raise an invoice for the below bins & arrange delivery with the customer to 38-48 Mount Pleasant, Reading, RG1 2TF

- 3 x 240L general waste bins
- 6 x 240L recycling bins
- 1 x 240L food waste bin
- 6 x 5L kitchen caddy + liner sets

[@Waste Services](#) please can you set this up on whitespace.

Many thanks,

Holly Tough

Thanks for your reply.

Please see the attached addresses.

The bin store is communal, please provide an invoice for T&H Assets Limited, 50 Mount Pleasant, Reading, RG1 2TD for the bin's below you have recommended.

If there is instead one single bin store and bins for the 6 houses are to be used communally, I would recommend that you instead have 3 x 240L general waste bins, 6 x 240L recycling bins, 1 x 240L food waste bin and 6 x 5L kitchen caddy.

Regards,

Jhahanger

Good afternoon,

Please could you confirm the addresses for this development so we can advise?

For houses, we would usually provide individual bins which should be stored on the private property for each house. In this setup, each house would need to have 1 x 140L general waste bin, 1 x 240L recycling bin, 1 x 23L food waste bin and a 5L kitchen food waste caddy each (6 of each bin type in total).

If there is instead one single bin store and bins for the 6 houses are to be used communally, I would recommend that you instead have 3 x 240L general waste bins, 6 x 240L recycling bins, 1 x 240L food waste bin and 6 x 5L kitchen caddy.

There is a charge of £286 per 1100L bin, £68 per 240L bin, £12 per 23L bin and £7 per kitchen caddy. There is also a £9 delivery charge.

Please advise if the bins would be provided communally or individually?

Developers should also take in to consideration upcoming changes to residential waste collection services as per Simpler Recycling requirements in the future. These requirements will increase the amount of material recycled/collected at the kerbside (i.e. addition of glass & soft plastics) and so additional refuse space should be allocated to allow for this. Note: glass can currently only be recycled at local glass bottle banks or the tip.

Please note that there are specific requirements for a bin store that should be complied with. Please refer to sections 3.4 to 3.6 of our waste management guidelines - <https://www.reading.gov.uk/waste-and-recycling/waste-management-guidelines-for-property-developers-architects-planners-contractors-managing-agents-and-landlords/>

Please be aware that if locks are to be fitted to any doors or gates at communal bin storage areas, these should be either combination or keypad style with a code. Developers and site managers must provide us with the code in advance and should be aware that the code will be held within our collection records and shared with a number of collection staff to ensure ease of access. Individual patterned, physical keys or security fobs will not be accepted or permitted.

Please note that we do need up to 6 weeks' notice prior to residents moving in so bins can be delivered and collections scheduled in advance. If you would like to proceed with ordering bins, please do let us know as soon as possible so we can process the order. We would need confirmation of a registered business name and address as well as contact details for an invoice to be sent to.

Kind regards,

Holly Tough

Hi

Please can you advise the requirements for waste on a new build scheme of 6 houses.

We have a bin store built and need to confirm how many bins we require and what sizes for 6 dwellings. Please also advise on the access for waste collection.

Thanks
