Description

The Multi Bin store is a secure solution for waste storage, ideal for bins at offices and residential complexes. This bin enclosure is cost-effective, simple and durable. It has a sturdy design made of strong steel construction with corner steel posts. The sides are made of timber. The beautiful wood cladding makes this bin storage enclosure a great choice for anyone who needs their wheelie or recycling bins to be tidied away and blend with a more natural environment or to bring some nature into their space.

The sturdy build is paired with lockable gates for the security of your property and means business when it comes to keeping your bins secure.

Options:

The bin storage shelter comes with several options for finish - powder-coated, hot-dipped galvanised, or both hot-dipped galvanised and powder-coated in the colour of your choice. It can also be ordered in 3 sizes with 1, 2 or 3 bays. The bin shed can be ordered with or without an LED light and a door-closing mechanism on the doors.

Specification:

- Secure storage for residential wheelie bins and recycling units
- Galvanised or powder coated steel frame any RAL colour
- Anti-vandal lockable gates for security with one padlock provided per bay
- Each section is 1600mm wide
