

Appendix 1: Photographs

Number	Photograph
1	 Hedgerow along woodland edge on Upper Redlands Road
2	 Hedgerow along Elmhurst Road

3	 Existing fenceline along Shinfield Road
4	 Proposed location (approx) for tree planting off Elmhurst Road.

Appendix 2: Target Notes

Note Number	Notes
25	Area of tree planting, one mature tree near fence
26	Tree planting
27	Young trees, too small to map. Hazel and field maple
28	Mown grassland extends in front of this line, plus small area of ornamental shrub planting around sign. Footpath
29	7 young lime trees around 8cm ddb
30	Young trees planting and mature trees
31	Bluebells at base of fence
32	7 Young lime trees c8cm dbh
33	Vegetation cutting has previously been undertaken along this boundary - maintenance
34	But here vegetation grows into the fence
35	Small mammal path under fence eg cat or hedgehog size. Not regular use
36	Scrubby edge with trees outside fence. Elm, hawthorn, bramble, locust, Holm oak, bramble
37	Fence generally accessible on this side of fence, ground damaged already. With care ok access
38	Mature trees either side of fence, but not v close/ shouldn't be impacted, so not mapped
39	Tree with bat roost feature, approx 10cm from fence. Also nesting wood pigeon present
40	Gap in fence, quite large.
41	Tree planting in this corner
42	Boundary a hedge, no fence visible
43	Variegated yellow archangel
44	Large oak overhanging
45	Three cornered leek and variegated yellow archangel
46	Area not accessed but it was possible to view though the fence, not a significant constraint
47	Area not accessed but was viewed through fence/hedge from either end
