Re 65 Northcourt Avenue

Reading RG2 7HF

Dear Planning Committee,

As you see, I live at [REDACTED]

Wellington Avenue and although my garden only has one corner that connects to Northcourt Lodge land, I feel I will notice the change in the planning application, considerably. It should not have been added at the last minute, as it has been. The different circumstances that are now being applied for are going to make a considerable difference to the nearby gardens in Wellington Ave. Cars will be coming very close to my garden and parking and turning round and leaving.
