

metroSTOR PBM3 Bin Storage Units - Firenze Anthracite Grey Cladding - HD Galvanised Finishes - Latch Euro Cylinder Lock - Signage Specific Aperture - WRAP Signage

metroSTOR PBM has become widely recognised for enclosing and controlling access to waste streams successfully, wherever the ubiquitous four wheeled bin is in use. With apertures specific to waste or recycling streams, a wide choice of cladding, finishes, and access control systems has established metroSTOR PBM as the tough and versatile bin storage solution.

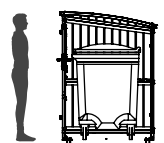

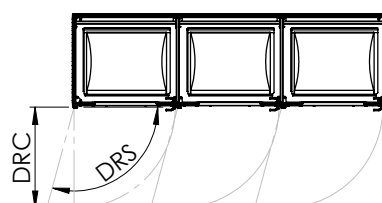

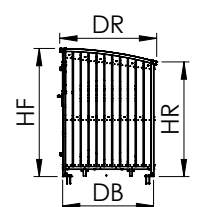

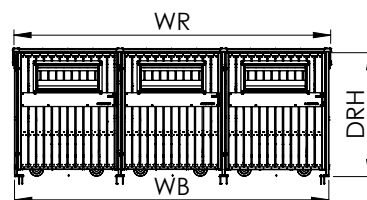

Specified on new developments and existing schemes, metroSTOR PBM makes efficient use of available space, consolidating waste stream containers in a row of neat units. A wide range of standard and bespoke finishes enable outdoor storage units to be coordinated with architectural

building fabrics and external works schemes. Site-wide coordination of outdoor storage units and street furniture is made easy to specify with a library of CAD blocks and BIM models available for download.

metroSTOR PBM offers class leading levels of adjustment in unit ground fixing points for varying site conditions, reducing expenditure on enabling groundworks. The highly durable units are relocatable, and door recycling aperture inserts can be interchanged on site should site requirements or waste collection regimes change over time.

metroSTOR PBM3 Unit Dimensions

(WR)	Roof Width:	4562mm
(WB)	Base Width:	4509mm
(DR)	Roof Depth:	1391mm
(DB)	Base Depth:	1310mm
(HF)	Height Front:	1839mm
(HR)	Height Rear:	1650mm
(DRH)	Door Height:	1674mm
(DRC)	Door Clearance:	1452mm
(DRS)	Door Swing:	105°
Storage: 3no. 660L - 1280L Bins		

PLEASE NOTE: Product dimensions given are correct at time of publishing April 2021. All dimensions are in millimetres and capacities in litres and don't form any part of the contract.

Cladding and Finish Options

Firenze Anthracite Grey

- 1.2mm Colour Coated Steel
- Anthracite Grey Greencoat Pural BT

Firenze Anthracite Grey FR adds

- Non-Combustible Fire Protection Board Liner

- Sustainably Sourced European Redwood
- Pressure Treated Preservative
- Light Green Colour
- 95mm x 20mm PAR Slat

ForestPanel Colour Slat

- Sustainably Sourced European Redwood
- Pressure Treated Preservative
- Classic Selection Woodstain
- 95mm x 20mm PAR Slat

ForestPanel FR

- FSC European Redwood
- Fire Retardant Coating
- Clear Finish
- 100mm PSE Plank

ForestPanel TGV

- Sustainably Sourced European Redwood
- Pressure Treated Preservative
- Light Green Colour
- 125mm x 20mm TGV Plank

Tuffplas Green Slat

- 100% Recycled Product
- 100mm x 30mm HDPE Plastic Slat
- Woodgrain Finish
- Solid Green Colour

Tuffplas Black Slat

- 100% Recycled Product
- 100mm x 30mm HDPE Plastic Slat
- Woodgrain Finish
- Solid Black Colour

Tuffplas Grey Slat

- 100% Recycled Product
- 100mm x 30mm HDPE Plastic Slat
- Woodgrain Finish
- Solid Grey Colour

Tuffplas Brown Slat

- 100% Recycled Product
- 100mm x 30mm HDPE Plastic Slat
- Woodgrain Finish
- Solid Brown Colour

ForestPanel Iroko (Vertical Pattern)

- Sustainably Sourced Iroko
- 70mm x 22mm PAR Slat

Locking System Options

metroSTOR products are available with a range of robust locking options to suit the specific operational requirements. Manufactured in stainless steel with aluminium external handles and options for internal release.
