

Blue banana

Reading - Proposed

SHOP FRONT

SCALE N/A

General Notes

The existing shop front will not be changed or altered in any way.

The new signs back tray will be created by re painting the existing wooden fascia to the dimension attached and attaching a wooden architrave to form a boarder with the black shop front. The metal letters will then be attached directly to the shop fascia. This removes the need for the aluminium powdercoated back tray. Illumination will be supplied by surface mounted light shing back towards the letters.

No.
