Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Change of use from a C3 residential dwelling to a C2 small children's home for up to two children. No physical alterations are proposed to the property. The home will operate in a family-style environment with trained support workers providing day-to-day care. The use remains residential in character, with minimal impact on the neighbourhood and no external changes to the building.

Has the work or change of use already started?

- ☐ Yes
☒ No

Existing Use

Please describe the current use of the site

The site is currently in use as a private residential dwelling (Use Class C3). It is occupied as a standard single-family home with no commercial or institutional activity

Is the site currently vacant?

- ☐ Yes
☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- ☐ Yes
☒ No

Land where contamination is suspected for all or part of the site

- ☐ Yes
☒ No

A proposed use that would be particularly vulnerable to the presence of contamination

- ☐ Yes
☒ No

Materials

Does the proposed development require any materials to be used externally?

- ☐ Yes
☒ No

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- ☐ Yes
☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

- ☐ Yes
☒ No

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

- ☐ Yes
☒ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- ☐ Yes
☒ No

Will the proposal increase the flood risk elsewhere?

- ☐ Yes
☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system
☒ Existing water course
☐ Soakaway
☐ Main sewer
☐ Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Under 25 square metres

Please justify the reason why biodiversity net gain does not apply:

This proposal is a change of use only, from a residential dwelling (C3) to a small children's home (C2). No building works, demolition, ground disturbance, or alterations to the external environment are proposed. All gardens, boundaries, vegetation, and habitats remain unchanged. The development therefore has no impact on biodiversity and falls within the de minimis exemption, as it does not create any measurable loss or gain of habitat

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer
☐ Septic tank
☐ Package treatment plant
☐ Cess pit
☐ Other
☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☐ Yes
☒ No
☐ Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☒ Yes
☐ No

If Yes, please provide details:

Waste will be stored in the existing bin storage area at the front of the property. Collection will continue as part of the normal household waste service, with no changes required. The use remains residential in character and will not generate commercial waste.

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☒ Yes
☐ No

If Yes, please provide details:

Recyclable waste will be stored and collected in the same way as a standard residential household, using the council's existing recycling collection service. No additional facilities are required.

Trade Effluent

☐ Yes

☒ No

Does your proposal include the gain, loss or change of use of residential units?

☒ Yes

☐ No

Please note: This question is based on the current housing categories and types specified by government.

If your application was started before 23 May 2020, the categories and types shown in this question will now have changed. We recommend that you review any information provided to ensure it is correct before the application is submitted.

Details of the pre-application advice received

Outcome of Planning Advice Call – 3 Bed, 2 Child Children's Home 11/05/2026

1. Use Class Decision

- The officer confirmed this will NOT fall under C3.
- Because the children require care and staff will be present, the council will treat it as C2 (Residential Institution).
- A Change of Use application is required.

2. Type of Application

- We must submit a standard full planning application for Change of Use to C2.

3. Required Documents

The officer listed the following mandatory documents:

1. Location Plan – 1:1250 scale
2. Block Plan – 1:500 or 1:200 scale
3. Existing Floor Plans
4. Proposed Floor Plans (even if no changes – just re labelled)
5. Existing Elevations
6. Proposed Elevations (again, even if unchanged)
7. Cover Letter / Supporting Statement explaining:
 - o 2 child model
 - o Family style environment
 - o Staff presence
 - o No physical alterations
 - o Parking availability
 - o Low neighbourhood impact

All plans can be purchased digitally if we don't already have them.

4. Application Form Notes

- Most of the form will not apply (80–90% irrelevant).
- We must complete the Change of Use section only.
- Certificate A if we own the property.
- Certificate B if we are leaseholders.
- The portal will require us to draw the site boundary on the map before submission.

5. Committee vs Officer Decision

- Whether it goes to planning committee or stays officer delegated will be decided by the local authority after submission.
- Typically, these applications are officer level unless there are significant objections.

6. Timeframe

- Standard decision period: 8 weeks from validation.

7. Risks / Mitigation

- No major risks identified.
- The officer advised that the cover letter should clearly justify:
 - o Why the home is needed
 - o How the children will be cared for
 - o How the environment will remain family like
 - o Parking and neighbourhood impact
- This will help avoid delays or objections.

8. Submission

- Application must be submitted via the local authority's planning portal (Reading Council in this case).
- The officer confirmed this is a straightforward process.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
